### **Care Management Guidelines Published**

Richmond, VA---August 29, 2007: The Care Management Institute (CMI), formed by members of the American Association of Managed Care Nurses (AAMCN), announces that they have published the *Care Management Guidelines*. These guidelines are meant to be a resource for health care professionals seeking a concise and consistent methodology for Care Management assessment or implementation.

The CMI was established in 2006 and a committee of active AAMCN members working in diverse healthcare settings throughout the United States was contrived in the effort to meet the initial goals of the Institute. The committee is led by chairperson Stefany Almaden, RN and the committee members include Cheryl DeBold, RN, Suzanne Forbes, RN, Kim Johnston, RN, Arlene Perry, RN, MSN, Sheryl Riley, RN, Anna Sikora, RN, Kathy Swift, MSN, RN, and Kathy Tiessen, RN.

The *Care Management Guidelines* are published in the form of a PDF document.

AAMCN members are able to obtain a copy of this publication on the AAMCN website at [www.aamcn.org](http://www.aamcn.org) or by contacting Laura Givens at 804.747.9698.
